Executive Summary

The objectives of the Community Consultation Strategy are to:

- Ensure open dialogue to facilitate a sound working relationship between the title holder, landholders and community
- Ensure the community is adequately informed and to manage any potential risks associated with conflict
- Ensure regular monitoring and review of the process of community consultation and the application of this strategy.

Oxley Resources Limited is the holder and manager of Exploration Licence (EL) 8570, Mt Margaret project. This report details community consultation carried out during the year ending 23 May 2023 in accordance with the Oxley's community consultation strategy and plan.

During the reporting period no field activities were conducted, and work was focused on land access negotiations. Limited exploration is planned for the next year with the focus on land access across the exploration target areas.

As a result, this report represents a Reduced Annual Community Consultation Report.

Oxley Resources has been negotiating land access around the Mt Margaret area with local land holders. The right to negotiate process was initiated during the reporting period and a draft agreement has been delivered to Oxley Resources. Negotiations are underway with the native title group and their representatives.

Any issues raised by landholders, including native title groups are currently being addressed as part of negotiations.

1. Introduction

Oxley Resources Limited (Oxley) is the holder and manager of Exploration Licence (EL) 8570, "Mt Margaret". This report details community consultation carried out during the year ending 23 May 2023 in accordance with the Oxley's community consultation strategy and plan.

2. Reduced Annual Community Consultation Report

During the reporting period no field activities were conducted, and work was focused on land access negotiations. Limited exploration is planned for the next year with the focus on land access across the exploration target areas.

As a result, this report represents a Reduced Annual Community Consultation Report.

3. Consultation Undertaken

Oxley Resources has been negotiating land access around the Mt Margaret area with local land holders, with the initial focus to complete the ground magnetic survey started in 2020. Consultation with land holders has been through both Oxley Resources and consultant Community Engagement.

The right to negotiate process was initiated during the reporting period and a draft agreement has been delivered to Oxley Resources. Negotiations are underway with the native title group and their representatives.

Any issues raised by landholders, including native title groups are currently being addressed as part of negotiations.
